

Paul W. Klipsch and
Some Facts About
the Klipschorn

The other day Paul W. Klipsch handed me a new piece of trade literature from New York promoting his world-famous Klipschorn. This eight-page brochure signed by "Klipsch & Associates, Hope, Arkansas," is something for his fellow citizens to be proud of.

While the local public is acquainted with the inventor personally, it doesn't know too much about the exact nature of the article he manufactures, although it realizes that his electronic speaker has gained recognition not only in America but abroad. Klipsch's first great stride to fame occurred when, as a radio engineer, he developed the frequency modulation system of radio transmission (F.M.), picked the Hope man's product with which to demonstrate F.M. from coast to coast.

In Paul's new brochure I find a paragraph which tells what his speaker is:

"Klipschorn is a corner horn loudspeaker system incorporating multiple horns, each with its separate driver, providing the low distortion and uniform response for true reproduction of sound, including the corner of the room as part of the speaker enables the full tonal range to be reproduced by a speaker of compact size. Klipschorn reproduces all tones from burdon pipes the tones of which can be felt, through the brasses, reeds, strings, voices, to the highest tinkle of the triangle."

Of course Hope met Paul Klipsch when he was a major attached to the Ordnance Department's Southwestern Proving Ground here. Klipsch, with two engineering degrees and some previous inventions in the field of electronics, was already deep into research on his speaker when the war interrupted him. Upon getting out of the army he and Mrs. Klipsch settled here and he perfected his final design of the Klipschorn.

He began manufacturing here in a small way in 1946; moved to a factory site in the old Proving Ground reservation in 1948 — and then acquired a much larger plant, his old army headquarters, the former instrument building at the Proving Ground.

Klipsch holds five patents on his horn, with others pending; and four companies have obtained manufacturing licenses from him, two of them in foreign countries. One is the Northern Electric Company of Montreal, Western Electric company's Canadian affiliate, which has the Canadian manufacturing rights; and the other is Vitavox, Ltd., of London, exclusive holder of manufacturing rights in England.

This is the story of the invention and development of an original idea into a manufacturing plant with world-wide connections. The story happened right here — and we're congratulating the Klipsch family and staff, not only on their own account but for the fame they have brought Hope and the state of Arkansas.

Division of 5,000 Hurt by Only 94 Men

By PHIL NEWSOM
UP Foreign News Editor

One of the worst things that can happen to a man, happened to 94 men on the U.S. Third Division's 65th regiment.

They broke and ran before the enemy.

Yet those 94 men didn't make up the regiment. A regiment is about 5,000 men.

And it's too bad that now, because of the publicity centered on the case, the whole 65th is suffering for the 94.

I remember the 65th. I spent a night and a day with them in Korea, about this time of year, back in 1951. I remember their black mustaches, their dark faces and the white teeth shining.

I remember watching them, outlined against the cold Korea sky, as they advanced single-file along the razor's edge of a ridge line east of Seoul against the Chinese.

They took the Chinese position, and held it, ten, that night against the counter-attack, fighting hand-to-hand with the "cooks" in the dark. And I watched a patrol come in from out there in the darkness, carrying to the medics a tiny Korean baby that had been caught in the cross-fire and wounded.

Their colonel was proud of them.

"They told us the Puerto Ricans couldn't stand the Korean cold," he said. "But they're standing it. These men wanted to come here. They know what they're fighting for. For every man that's here, we've got another volunteer."

And today they're still good soldiers.

The Canary Islands, from which the birds were named, got their name from huge dogs (canis) found on the islands in early times.

Sees Cost of Living Index Despite CIO

WASHINGTON, (AP) — Chairman of the House and Senate Labor Committees predicted today the Eisenhower administration will revive a once-dormant cost-of-living index, despite CIO opposition.

Sen. H. Alexander Smith (R-N.J.) and Rep. Samuel McConnell (R-Pa.) said they had every expectation that an order continuing the old index, dropped this month as obsolete, will soon be issued.

The automobile industry and the railroad unions, whose contracts are geared to the old index, have been exerting strong pressure both in Congress and on Secretary of Labor Martin P. Durkin to have the old index resurrected.

CIO President Walter Reuther, who is also head of the big CIO Auto Workers Union, whose five-year contract is also tied to the old index, sent telegrams to key congressmen last night, and to Durkin, voicing strenuous objections to the proposed plan.

Probers Take Dulles' Word on Loyalty

By JOE HALL

WASHINGTON, (AP) — The Senate Foreign Relations Committee, accepting Secretary of State Dulles' word on the loyalty of his appointees, today digs into the logjam of State Department nominations.

Scheduled to appear today are Winthrop W. Aldrich, nominated as ambassador to Great Britain, and Mrs. Oswald S. Lord, named U. S. representative on the Human Rights Commission of the United Nations.

Chairman Wiley (R-Wis.) of the Senate committee said hearings would be arranged soon on these other nominations sent up by President Eisenhower.

Gen. Walter Bedell Smith, under secretary of state, James Bryant Conant, high commissioner to Germany, Herman Phleger, counsel to the State Department.

The pleup developed after the committee decided not to act on confirming any State Department appointments until the FBI had made a security check.

The committee waived this rule in approving five top foreign policy officials, Dulles included and then went back to it. Further hearings were delayed pending reports from the FBI.

Arkansan Admits Part in Murder

EL PASO, Tex., (AP) — "I'm not after you to turn me loose," Pfc. Marvin Lee Austin, 21, told the Federal Court jury trying him for murder.

"I'm ready to pay any penalty," the Ft. Bliss soldier from Marmaduke, Ark., testified yesterday.

"I've made my peace with God," he testified earlier that he and Pvt. Raymond Leslie Buton, 22, of Des Moines, Ia., killed taxicab driver Jesus Alvarez Gonzales after a robbery attempt.

Gonzales was shot and killed in the cab last Nov. 22, and the car then was burned. Austin said Buton piled dry tumble weeds in the auto and then set it afire, leaving the body inside.

The Arkansas soldier said he and Buton had planned a holdup for sometime and obtained two M-1 rifles from a Ft. Bliss supply room for that purpose.

They surrounded a cab, Austin related, and told Gonzales to take them anywhere on the military base.

"I asked the driver if he had ever had a bullet in his head," Austin testified. "He didn't answer, but leaned over to pick up the cab radio telephone."

"I think I shot him in the head. It's a little hazy. I was pretty scared."

Both soldiers pleaded innocent to the murder charge.

Cherry Signs, Quickie Marriages Are Out

LITTLE ROCK, (AP) — No more quickie marriages in Arkansas. Gov. Cherry signed into law yesterday legislation repealing the provision that judges could waive the 3-day waiting period between application for and issuance of a marriage license.

Arkansans Can See Eclipse at 5:30 p. m.

LITTLE ROCK, (AP) — If you should see a faint reddish ring in the east about five minutes before the sun sets in the west tonight — don't call for anti-space-ship guns. It's the moon.

The Nautical Almanac says a total lunar eclipse will occur tonight at 5:30 p. m. five minutes before the sun is scheduled to set.

It will be eclipsed before it rises at Little Rock and at first will be visible only in faint, reddish outline.

"The phenomena will be caused by the shadow cast by the earth, passing between the sun and the moon."

The almanac says this deep shadow will be visible on the moon until about 7:40 p. m.

Arson Suspected as Second Fire Hits Big Liner

SOUTHAMPTON, England, (UP) — A second fire broke out today in a cabin of the British luxury liner Queen Elizabeth as officials were examining evidence that might indicate sabotage in another mysterious fire aboard the vessel just 24 hours earlier.

Rugs and other materials in a cabin on C-deck on the port side of the vessel amidships were ablaze in the second fire.

There was no immediate explanation of the source of the fire. But investigations by Scotland Yard chiefs and local detectives already concerned with the earlier mysterious blaze were promptly intensified.

Last night's fire was much more serious than today's blaze. It burned for 75 minutes before being put out and officials said today that arson and sabotage might have caused the blaze.

22 Missing in Three Plane Crashes

SEATTLE, (AP) — One plane was known today to have crashed and two others were missing and presumed down in the latest series of aviation disasters along the North Pacific rim.

Twenty-two persons aboard the three planes were missing including Capt. Julian D. Greer, commander of Fleet Air Wing 6, stationed at the Alameda Naval Air Station, Calif.

A total of 298 persons are known dead or are missing in 10 previous military plane disasters around the North Pacific rim from Tokyo to Alaska to Montana since last Nov. 7.

American UN Workers Lined Up, Screened

UNITED NATIONS, N. Y. (AP) — The United Nations lined up its American employees today for fingerprinting as the first step of a screening process to weed from its staff American Communists or those deemed loyalty risks to the United States.

The fingerprinting began with a few women secretaries last yesterday, shortly after U. S. Delegate Henry Cabot Lodge Jr. arrived with U. N. Secretary General Trygve Lie for the screening process to extend to the rest of the 1,681 American citizens on the U. N. payroll.

Members of the U. N. security force conducted the printing under supervision of a U. S. Civil Service Commission agent. The U. N. refused to permit news photographs of the process.

Next each American will fill out a four-page questionnaire which asks flatly, among other questions, "Are you now or have you ever been a member of the Communist party or any Communist or Fascist organization?"

Employees considered suspicious by the Civil Service Commission will be investigated by the Federal Bureau of Investigation.

Because they are top-ranking U. N. employees, 345 or so Americans will get the FBI's full field investigation process from the start.

M. J. Ivers believes he has the sweetest postmaster job in the nation. He runs the post office at Loveland, which prides itself as the "Sweetheart Town."

Each year, thousands of Valentines are sent here to be re-mailed in their own envelopes with the Loveland postmark.

'Squirrel Heads' Screams Truman at His Critics

By DAYTON MOORE

INDEPENDENCE, Mo., (UP) — Former President Truman let loose on his congressional critics today as "pin heads" and "squirrel heads" who think they "know more than anybody else on any subject."

Chatting with reporters on his early morning walk, Mr. Truman also said that he was glad to read a published report that a prominent scientist agreed with him that it is "problematical" whether the Russians have a workable A-bomb.

Mr. Arthur H. Compton, the 1927 Nobel prize physicist, was so quoted in Beaumont, Tex., yesterday.

(In Norwalk, Conn., Lt. Gen. Leslie R. Groves, wartime head of the atomic bomb project, said Mr. Truman may have been correct when he said he was "not convinced" Russia has the A-bomb.

Said Groves: "All we know is there were indications of nuclear explosions in Russia. That does not prove that they have the bomb in a workable form.")

Mr. Truman accused his congressional opponents in the A-bomb controversy of "scaring a lot of Americans to death with some irresponsible statements."

"I think we ought to settle down and be sensible about our situation," he said. "We've got a job to do building up our strength to meet anything that may come along but meantime we've got to go on living sensibly."

State of Union Talk May Tip on Future

By JOHN M. HIGHTOWER

WASHINGTON, (AP) — U. S. officials and foreign diplomats alike are looking to President Eisenhower's message to Congress next Monday for broad hints on future developments in American foreign policy.

It is understood a substantial portion of Eisenhower's State of the Union message will deal with foreign affairs.

There is reason to believe, even though the President has surrounded the message with great secrecy, that some specific steps will be projected.

The two major addresses by administration leaders so far have both concerned America's relations with the rest of the world. But both have been couched in broad generalities.

The first of these was President Eisenhower's inauguration speech. It had the emotional and religious quality of a declaration of faith in America and America's friends.

It made clear that Eisenhower intends to exercise America's leadership of the non-Communist world to the fullest extent possible and to continue building up strength and unity among the Allies.

But it gave no blueprint for these tasks.

The second major administrative speech was given Tuesday night. In an extraordinary television address to the national, Secretary of State Dulles appeared to be appealing primarily for public confidence in the State Department and foreign service.

Mothers, Citizens, Businesses, Clubs Team for Successful Finish of Drive Against Polio

In this final week of the annual March of Dimes campaign this city is going all out to reach its quota to benefit victims of polio.

The value of the Dimes campaign was impressed on Hope last summer with some 11 cases being treated from Hempstead county alone.

Tonight the Mothers March again at the dread disease from 7 to 8 o'clock. Over 75 mothers of the city will make a house-to-house canvass for funds. Don't greet them with a dark porch — leave your porch light on and give generously when a mother calls.

Also on tap for tonight is the VFW-sponsored barn dance scheduled for Fair park at 8:30 and on Friday night the Womanless Wedding, sponsored by the VFW and American Legion auxiliaries will be held at 7:30 at City Hall.

And tonight at the High school the National Guards will play a benefit basketball game with an independent team from Arkadelphia with all the funds going to the polio campaign.

The other games are scheduled for tonight with Hope and Nashville's senior girls and boys starting a couple of games at 8 o'clock. The games will be broadcast over KXAR at 8 o'clock.

On Saturday night the Hope Camden contest in which the Ouachita County city challenged this city to see which could raise the most money in a 3-hour affair.

Hope has matched its municipal water and light plant against Camden's waterworks and hotel.

The Rotary, B&PW, Kiwanis and Lions clubs of Hope have come to the aid of Mayor John Wilson, the challenged, and will share in presenting a variety of entertainment from 7 to 10 p.m. Saturday night over KXAR.

Ike Pressures for Quick Hearing on Selections; Korean Raid Questioned

Ill-Fated Attack May Have Been Staged for Show

By FRANK ELEAZER

WASHINGTON, (UP) — The House Armed Services Committee today called the Army to account after individual congressmen had asked whether an ill-fated United Nations attack in Korea had been staged as a bloody show for visiting officers.

The committee called on the Army for a "complete statement of facts" about Sunday's raid on T. Dore Hill which failed after four hours when the attackers were caught by devastating Communist crossfire. Visiting officers had been provided with timetables of the attack and vantage points from which to watch it.

The committee demand was made after Rep. Clare E. Hoffman (R-Mich.) and Rep. William G. Bray (R-Ind.) had asked the military to explain whether the raid was a legitimate operation or a sort of gladiatorial contest staged for high-ranking guests.

Hoffman made his request in the form of a privileged "resolution of inquiry" prepared for introduction in the House. Bray made his in a letter warning Defense Secretary Charles E. Wilson that criticism of the attack is bound "to mount."

British Look Into Slavery Charges

By STANLEY JOHNSON

UNITED NATIONS, N. Y. (AP) — Britain is looking into charges that her African protectorates are shipping at least 5,000 Negroes each month for sale in the slave markets of Saudi Arabia and Yemen.

The British don't think the charges are true, but their government has begun an investigation anyway. The inquiry is complicated by the fact that slave markets are legal in Saudi Arabia, Yemen and neither country so far has revealed its sources of supply.

Both countries, the U. N.'s anti-slavery section said today, have ignored questionnaires sent them on slavery and forced labor.

Britain's U. N. delegation also revealed, in answer to a query from the U. N., that slavery still is legal in the oil-rich kingdom of Kuwait, on the Northwest Coast of the Persian Gulf, but that actual buying and selling of slaves now is prohibited there. Kuwait is under British protection and the British handle foreign relations for the Sheik.

Saudi Arabia, Yemen and Kuwait all are Moslem countries and Moslem law permits slavery and slave trading.

Reds Couldn't Hide Atomic Bomb Tests

By JOSEPH L. MYLER

WASHINGTON, (UP) — Those Russian atomic explosion reported themselves — in great detail. No Iron Curtain could have kept them secret, no secrecy gags could have hushed them up.

The Atomic Energy Commission this week disclosed some, but not all, of the methods science uses to keep tabs on nuclear detonations.

The AEC uses these methods track radioactive particles spewed into the air by atomic test blasts in Nevada.

U. S. Atomic intelligence agents use essentially the same tricks, supplemented by others, to keep informed of nuclear events in the Soviet Union.

Information thus obtained was reported to President Truman in September, 1949, and twice again in October, 1951. He relayed it to the world.

The reason the Russians could not keep their atomic tests secret is that every nuclear explosion loses multiplied trillions of telltale radioactive fission fragments which the sensitive instruments of science can detect and analyze.

Top Generals Talk Strategy in Japan

By JOHN RANDOLPH

TOKYO, (AP) — Three of America's top generals met in Tokyo today for strategy talks on the Korean War.

Within an hour Gen. J. Lawton Collins, U. S. Army chief of staff, and Lt. Gen. Maxwell D. Taylor, commander-designate of the Eighth Army, flew in from opposite directions for conferences with Gen. Mark Clark, the U. S. Far East commander.

The meeting came amid continuing speculation that the war soon will take a new turn—either in a full-scale Allied offensive or in greater direct pressure against the Chinese Communist mainland.

Taylor arrived from Washington, Collins flew back from a quick inspection trip in Korea.

It was the first time in the Korean War that the U. S. chief of staff, the Far East commander and an Eighth Army commander had been together in Tokyo.

Taylor leaves for Korea in a day or two to take command of the Eighth Army from retiring Gen. James A. Van Fleet, who has had the job since April, 1951.

Collins said he would leave tomorrow on a quick tour of Japan's Northern defense — both on the main island of Honshu and on Hokkaido, which lies only a few miles from Soviet territory.

Collins was brimming with enthusiasm over the Eighth Army. He particularly praised the ROK (Republic of Korea) Army.

"These men are not just ROKs," he said "They're real rocks."

Highways, Hospital Committee Named By Hope C of C

The officers of Hope Chamber of Commerce are working diligently in making committee assignments and selections in an effort to have as many working committees as possible for this year.

In announcing today's additional committees, President Owen pointed out that the functions of the Highway Committee are as vital to the growth and development to Hope as just about any committee work.

It was pointed out that not only is it good for a town's business for the county to be laced with good roads, but it is a very definite responsibility of the organization to the individual citizens to work for a good road system. The Highway Committee:

Frank McLarty, Chairman, Ned Purdie, U. G. Garrett, Miles Beryl Henry, Arch Wyle, Cline Franks, R. C. Ellen, B. R. Hamm, Miles Laha, B. W. Edwards, and E. P. Young.

In view of the fact that the county judge has a hospital committee working, it was felt that the Chamber of Commerce should provide a committee to assist and lend whatever cooperation and coordination is needed, and is asked for by the county committee. The Hospital Committee:

Miss Beryl Henry, Chairman, Alex Washburn, Lyle Brown, Frank Douglas, B. L. Reilig, Dr. Jim McKenzie, C. W. Tarpley, K. G. Haralton, Bob Turner, and Finley Ward.

Funeral Today for Saratoga Native Killed in Wreck

Funeral services for Murphy Lester, 40, fatally injured in an auto wreck near Texarkana Tuesday night, were to be held at 3 p.m. today at Saratoga with burial in Saratoga Cemetery.

He was a native of Saratoga but lived at Texarkana. He was found near an overturned auto on the Dooley Ferry road and taken to a Texarkana hospital where he died.

Survivors include his wife, two sisters, Mrs. H. O. Eberhart of Saratoga, Mrs. George McClure of Okla. and a brother, George S. Lester, of Texarkana.

Two Appointees Agree to Sell All Holdings

WASHINGTON, (AP) — Robert T. B. Stevens and Harold Talbot agreed today to sell disputed stock interests to win Senate confirmation as secretaries of the Army Air Force.

WASHINGTON, Under pressure from President Eisenhower for speedy action, the Senate Armed Services Committee today began hearings on the selection of three business men to be secretaries of the Army, Navy, and Air Force.

When the committee convened, Chairman Saltonstall (R-Mass.) disclosed that the president wrote him yesterday asking a committee hearing this morning.

Robert T. B. Stevens of Connecticut, nominated for secretary of the Army, was called to the witness chair first at a crowded public hearing.

Also present were Robert B. Anderson, Texas oil and land manager, nominated for secretary of the Navy, and Harold E. Talbot, Chrysler Motors executive, named to head the Air Force.

Eisenhower's letter advised Saltonstall that formal nominations of the service secretaries would arrive at the Senate today and added:

"I am sure you appreciate that since the confirmation of the secretary of defense has been so long delayed, he is most desirous of getting his full term into actual operation."

"In order to make this possible, is it too much to ask you to call your committee to consider the confirmation of the three secretaries tomorrow so that action may be expedited?"

Saltonstall also called attention of the committee to the directive issued last week by Charles E. Wilson, the new secretary of defense.

WASHINGTON, (AP) — Robert T. B. Stevens said today he would dispose of his stock in a family textile company if the Senate Armed Services committee insists he must win approval as secretary of the Army.

"If the committee feels I should dispose of my stock," he said, "I am prepared to do so."

Stevens, who earlier had asked for more time to decide the question, said he hoped the committee members would not "take quick action" on the issue.

Stevens went before the committee after President Eisenhower took a personal hand in the fight for speedy confirmation of his selections for secretaries of the armed services.

Continued Farm Supports Assured

WASHINGTON (AP)—Farmers had the assurance of Secretary of Agriculture Benson today that the government will carry out price support programs to prevent a sharp drop in prices of their products. The new GOP farm chief issued a formal statement late yesterday in which he made this promise, but also expressed more optimism about the agricultural outlook than have some farm leaders in Congress.

Sen. Young (R-ND) have said at recent committee hearings that the current situation resembles that which preceded the severe farm depression of the 1930's. Benson said the farm price decline reflects (1) a general weakening of inflationary pressures, (2) abundant supplies of farm products and (3) weakening foreign markets for some products, notably wheat and cotton.

MAGNOLIA, ARKANSAS

By CARL BELL
LITTLE ROCK, Ark.—Gov. Cherry, having won his first major test in the Arkansas Legislature, is on the verge of setting into motion the fiscal plan he has described as the key to success of his administration.

He predicted speedy House concurrence in 17 relatively minor amendments tacked by the Senate onto the bill to establish centralized control of state finances and purchasing.

Bearing an emergency clause, parts of the measure will become effective immediately when the governor signs it. Other parts will be effective at various times up to July 1.

Cherry already has named Comptroller Frank A. Storey to be director of the Department of Finance and Administration, which would be the hub of the new system.

Swayed by administrative persuasion, the Senate yesterday killed an 18th amendment before passing the fiscal code.

The amendment, by Sen. John Cleary of Springfield, would have prohibited state board and commission members from selling anything to the state agency with which they are connected. It would have preserved provisions of a 1933 act which would be repealed by the fiscal code.

Cherry objected on the ground that it would cripple his efforts to appoint the most capable persons to boards and commissions.

Blevins

Making planter boxes out of copper foil was the demonstration given by Mrs. Lorraine Blackwood, Home Demonstration Agent, at the Blevins Home Demonstration Club which met at the Home Ec cottage for its regular meeting.

The meeting was called to order by the new president, Mrs. Victor Hampton, and the Home Demonstration Woman's Creed was repeated by all. The co-hostess gave the devotional after which everyone sang the Lord's Prayer. The roll call was called and minutes of the last meeting were read and approved. The community leaders for the coming year were appointed.

The foods and nutrition leader, Mrs. Herbert M. Stephens, gave a very interesting talk on nutrition and the basic 7 in our daily meals.

The co-hostess served refreshments to 11 members and Mrs. Blackwood. The hostesses for February are Mrs. Young Nesbitt, Mrs. Irvin Brooks and Mrs. D. A. Morris.

Nevada County HD Council Has Officers Meeting

Nevada County Council of Home Demonstration Clubs held its officers training and workshop meeting at the Presbyterian Church, Friday, January 23.

Mrs. W. S. Black, presided over the meeting and instructed club presidents of their duties and responsibilities.

Mrs. Roy Duke, council vice-president, relayed the instructions received at the district meet to local vice presidents.

Mrs. O. A. Wells brought the local secretaries and treasurers up to date.

Plans for the year's activities were given by Mrs. Madge P. Burgess, Home Demonstration Agent.

At the business session, State dues were paid. The dollar per club fund was sent to the State 4-H House Chairman, and the council sent a \$50 donation to the Bunsel Fund to pay on the new "Grand Piano" placed in the State 4-H House by Bensberg Music Co., at Camden, Ark.

Fifteen officers from five clubs attended the meeting and five other clubs called in reports, because bad weather and sickness kept them from attending.

The council welcomed the cake bake fest activities, sponsored by General Mills and set March 27 as the date for the county wide activity.

Mr. and Mrs. D. W. Durham and Mrs. Mildred Dickinson of Hope have returned from Houston, Tex., where they were the guests of Mr. and Mrs. Ray Priest.

Rep. A. E. McGuire and Mrs. McGuire have returned to Little Rock after spending the weekend at home.

Mr. and Mrs. C. A. Wandiver of Little Rock were the weekend

onstration Club met January 15 in the home of Mrs. Clifford Messer with Mrs. Ray Turner as co-hostess.

The president, Mrs. C. F. Bruce, presided over the business session. The devotional was read by Mrs. Messer, followed with the group repeating the Lord's Prayer. Improvements in the church building and church grounds were voted as the club project for the year.

Leaders for the year were appointed as follows: Garden, Mrs. Norman Taylor, Poultry, Mrs. Orle Byers, Dairy, Mrs. J. H. Pickard, Clothing, Mrs. Coy Zumwalt, Foods and Nutrition, Mrs. G. E. Barwick, Jr., Child Development and Family Life, Mrs. Claude McCorkle, Home Industries, Mrs. Ivan Bright, Home Management, Mrs. Raymond Byers, Recreation, Mrs. Raymond Byers and Mrs. Ray Turner, Health and Safety, Mrs. Edgar Jurels.

A scrapbook committee was also selected. The club members voted to give \$5 to the March of Dimes. Each member is asked to pay \$1 to the treasurer by Feb. 18.

Mrs. Lorraine Blackwood, HD Agent, gave a demonstration on making planter boxes out of copper foil and making braided and hooked rugs. Making crocheted rugs is to be demonstrated next month.

The hostesses served refreshments to twelve members, Mrs. Blackwood, and two guests, Mrs. Ted Furtle and Mrs. Lonnie Ross. The next meeting is to be held at the home of Mrs. Fred Wilson on February 16.

NEW YORK STOCKS

NEW YORK (AP) — Fairly liberal demand for a rather broad group of issues today sent the Stock Market ahead moderately.

Auto, motor, and aircraft gathered in most of the attention along with a handful of utilities. Gains were largely fractional but they extended out to around 2 points at times. Losses were small but in a few instances went to around a point.

Republicans Divided on Tax Slash

By CHARLES F. BARRETT

WASHINGTON, AP—Some Democrats were laughing up their sleeves today at an open squabble among Republicans over a bill to cut individual income tax rates 11 per cent starting June 30.

One GOP camp was led by Rep. Reed (R-N.Y.), oldest Republican in continuous service in the House and chairman of the ways and means committee, the committee that must start all tax bills through Congress.

Reed emerged from a closed committee session yesterday with a flat statement that the group would approve the tax-cutting bill at a meeting planned for Feb. 12. Further, he told reporters, the House would pass it right away, any delay would be "over my dead body."

House Speaker Joseph Martin (R-Mass.) then took a different far stand.

GOPs to Take Over 2,100 Postmasterships

WASHINGTON, AP—Republicans have found they can take over more than 2,100 postmasterships immediately and are going to start making the appointments soon, it was learned today.

GOP senators have asked the Post Office Department to check on the number of posts now filled by acting postmasters. The figure already has topped the 2,100 mark with two states to go.

Former President Truman named acting postmasters for some of the vacancies, but the new administration will send up its own names for the jobs.

Humphrey Moves Against Inflation

WASHINGTON, AP—Secretary of the Treasury Humphrey yesterday announced his first major refinancing of the federal debt in what appeared to be a move against inflation.

He said holders of \$6,863,000,000 in short term issues falling due Feb. 15 would get a choice of exchanging them for either new one-year certificates or for securities running five to six years.

Humphrey did not say what interest rates would be offered on the new securities.

Young Arkansas Farmers Awarded

LITTLE ROCK, AP—Four Arkansas youths received checks for \$500 at a recognition dinner here last night as top winners in a Future Farmer of America contest.

They are Kenneth Pettigall of Plumerville, first winner in the conservation division; John Morton of Safford, dairy farming; Tom Henry Burgess of Pottsville, electricity; and Charles Chandler of Warren, farm mechanics.

Fifty-four other FFA members received prizes for outstanding farm achievements in 1952 at the dinner attended by some 200 delegates.

MORE CASUALTIES
WASHINGTON, AP—The Defense Department today identified 169 additional battle casualties in Korea. A new list (No. 737) reported 29 killed, 122 wounded, 13 missing and 1 captured. It also listed as prisoners of the enemy four men previously reported missing in action.

SPORTS ROUNDUP

By GAYLE TALBOT

NEW YORK. (AP)—The chances are good that there will not be another undisputed world middleweight champion for years. It might even be that Sugar Ray Robinson, who retired recently to become a song and dance man, will go down in the record books as the last of the 160-pound kings. You think this unlikely? Then you haven't studied with any care the joint hare-brained plan of the National Boxing Association and the New York State Athletic Commission to find a successor to the Sugar Boy. It required a lot of joint thought, or what passes for same in boxing circles, to come up with a scheme so completely unrealistic, unsound and, shall we say, plumb silly.

All the boys have done as their first major contribution toward change is to name 11 of our middleweights-good, bad and indifferent-as "contenders" for the vacated title, and then invite them to begin fighting one another. At least half the group—that's 5½ of them—cannot by any stretch of the imagination qualify as real topfighters. No effort has been made to match them. No distinction has been made between Bobo Olson, who is by any reasoning this country's leading aspirant for the crown, as millions of televisioners will attest, and the No. 11 entry on the list, who probably is laid up with bursitis.

No recognition is given the fact that Randy Turpin of England, who defeated Robinson once and came very near doing it the second time, has a more valid claim to recognition than any of this country's fighters. The new joint board, in fact, went out of its way to proclaim that it wouldn't look with great favor upon a meeting between Turpin and Olson.

If you think that's all, listen. Originally the super-board named only 10 contenders, but at its most recent meeting one of its members pointed out that there was a homeless waif of a pugilist named Bobby Dykes who had just outgrown the welterweight ranks and needed help. So they tossed Bobby's name into the hopper too, and a few nights later a welterweight named Gil Turner gave him an awful going-over. Whether that mishap affected Dykes' status as a middleweight fighter we haven't heard.

In the opinion of Nat Fleischer, the editor of Ring magazine and "Dr. Boxing" to much of the fist world, the entire scheme is so unworkable as actually to "belittle" boxing.

HOURLY PAY INCREASES

WASHINGTON. (AP)—The average hourly pay for production workers in manufacturing industry increased from \$1.54 in December, 1950, to \$1.73 last December, the Bureau of Labor Statistics reported today.

This 12 per cent increase compares to an estimated 7 per cent increase in the cost of living over the same two-year period.

Card Owner Sentenced, to Sell Out

ST. LOUIS. (AP)—A meteoric, sometimes turbulent rise to baseball success appeared at an end today for Fred Saigh, owner of the St. Louis Cardinals, who was sentenced to 15 months imprisonment and fined \$15,000 for federal income tax evasion.

Pronouncement of the sentence came in Federal Court here yesterday as Saigh pleaded no defense in a five-count indictment returned against him last spring, and threw himself on the mercy of the court.

The government at the same time agreed to withdraw three of the five counts against the short, dapper 48-year-old Saigh. A few hours later Federal Judge Roy W. Harper sentenced him to 15 months in prison on each count, the sentence to run concurrently. He also fined him \$10,000 on one count and \$5,000 on the second.

Maximum penalty in each count is up to five years imprisonment or a maximum of \$10,000 or both.

Saigh, who had broken into tears when informed of the indictment last spring, had to control his voice as he rose to address the court.

"This means, of course, I will have to dispose of the Cardinals," he said. "There is no way I can stay in baseball."

Saigh, himself a lawyer, commented he had seen men receive lesser sentences for income tax evasion.

"I think that you have been too tough with me," said he. Judge Harper replied sharply: "You plead that you are guilty to those essential elements and if you were not guilty you should have stood upon a plea of not guilty. Don't come in and plead before me and then ask me to say you are wrong."

Specifically, the counts Saigh faced charges charges of evasion of \$10,209 in taxes. One claimed evasion of \$14,550 in 1947 and the other evasion of \$4,748 in 1949. The original indictment charged evasion of

Baseball Men Silent on Conviction

By ORLO ROBERTSON

NEW YORK. (AP)—What had promised to be a quiet meeting of baseball officials this week ended in New York now figures to be a turbulent affair with the possible sale of the St. Louis Cardinals high on the agenda of the National League owners.

There is nothing in the books that says Fred Saigh, convicted in St. Louis yesterday of federal tax evasion, must sell the club. But the little Cardinals' president said after being sentenced to 15 months in prison and fined \$15,000:

"I will have to dispose of the Cardinals. There is no way I can stay in baseball."

Baseball officials for the most part, including Commissioner Ford Frick and League President Warren Giles, declined to comment on the conviction. A source high in the sport, however, pointed out there are two possible steps that can be taken:

1. The commissioner can invoke the rule that gives him power to bar anybody from baseball on the grounds detrimental to baseball.

2. The National League executives can use a clause in their constitution to keep a person from owning a club.

\$49,620 in taxes from 1946 through 1949.

By his own statement Saigh is through in baseball. Free on \$2,000 bond, he was until May 4, when the sentence will be enacted, to clear up business matters.

Biggest Bus Strike Comes to Close

NEW YORK. (AP)—The biggest bus strike in New York City's history ended early today and some buses started rolling.

Full resumption of service was not due until tomorrow.

The strike of 8,200 drivers and maintenance men was entering its 20th day as the last of eight struck private bus companies signed an arbitration formula.

The strikers were ordered back to work by union chiefs.

A three-man arbitration board will handle the wage-hour dispute between the companies and the CIO Transport Workers Union.

Moses Lists Arkansas Handicaps at Three

LITTLE ROCK. (AP)—Arkansas faces the greatest opportunity in its history but still has three serious handicaps to overcome before it can continue its advancement.

That is what C. Hamilton Moses, chairman of the Arkansas Power and Light Co.'s Board of Directors, said here last night at the 5th biennial legislative dinner some 550 legislators, business leaders and guests attended.

Moses said the handicaps were population loss, unused land and subsidization of industry by other states.

BLONDE BANDIT ON LOOSE

There have been eight holdups by women reported in the Los Angeles area in the last two weeks, three or four of them apparently by the same blonde.

Hearings on T-H Law to Start Feb. 10

WASHINGTON. (AP)—Chairman McConnell (R-Pa.) said today the House Labor Committee is keeping an open mind on possible changes in the Taft-Hartley law until it completes an extensive hearing.

With the hearing set to start under way Feb. 10, McConnell said there are "no bills, no amendments, nothing to which we are wed."

"We'll let the hearings determine that. When they are ended the committee will endeavor to write a bill based on the testimony. Sessions are expected to continue for at least two months, possibly longer."

Sen. Taft (R-Ohio) a co-author of the labor-management relations law, has introduced five bills proposing 10 changes in it. The bills are up for consideration by the Senate Labor Committee, expected to begin hearings before March 1.

DAT'S IT, BOY. De NATCHEL kind!

Compare the DIFFERENCE in NATURAL CHILEAN NITRATE. See the DIFFERENCE in results!

One difference between Natural Chilean Nitrate and other nitrogen fertilizers is quality — natural quality. It is the world's only natural source of nitrate nitrogen.

The nitrogen content of Chilean Nitrate is 100% nitrate nitrogen — 100% available — 100% fast-acting — 100% dependable. No additives necessary. Chilean Nitrate is non-acid forming, rich in sodium and minor elements. Chilean Nitrate is rich in beneficial sodium that makes a stronger, deeper root system — improves crop health, vigor and nutritive value. It also contains small quantities of essential minor elements.

Chilean Nitrate is the ONLY fertilizer that supplies nitrogen, sodium and essential minor elements.
